

Aura Fireball- 2032 Android Multimedia Receiver

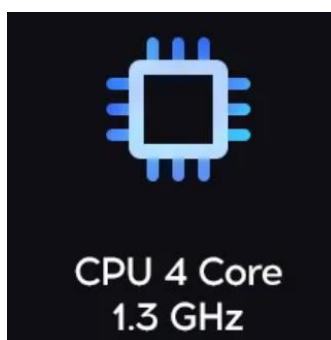

Introducing the Aura Fireball Android Multimedia Receiver – Revolutionize Your Car Audio Experience!

Are you ready to elevate your driving experience to the next level? Look no further than the Aura Fireball Android Multimedia Receiver, a cutting-edge solution designed to transform your car's audio and entertainment system. Packed with an impressive array of features and technical specifications, this powerhouse infotainment system ensures you're always in control, and every journey becomes an unforgettable adventure.

Key Features:

Powerful Processing: The robust Unisoc UIS814E ARM Cortex-A7 quad-core processor ensures snappy performance, even while running multiple apps on the Android 11 operating system.

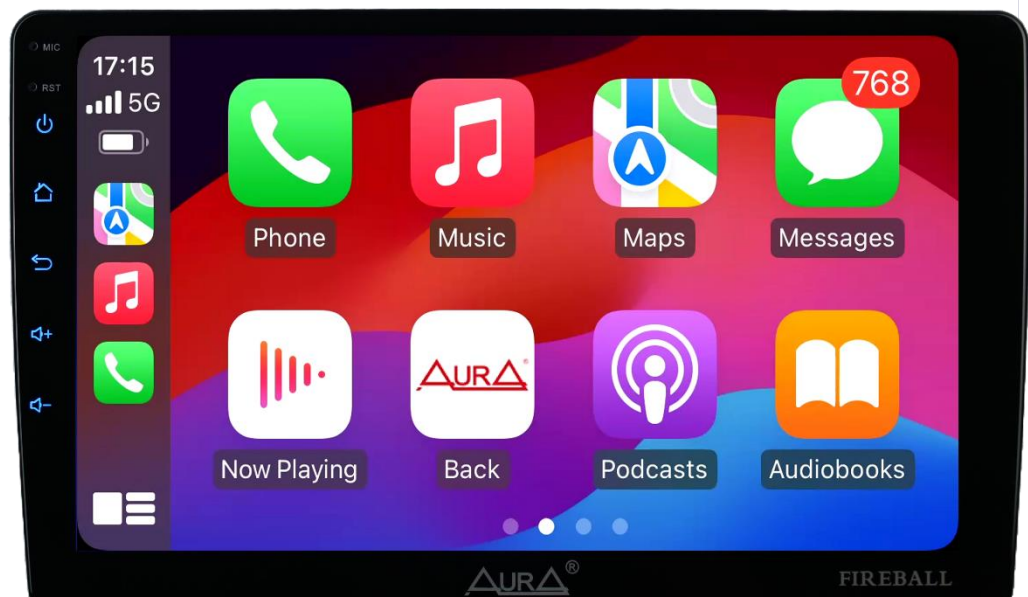

Crystal-Clear Touch Screen: Enjoy a vibrant and responsive 9-inch 2.5D tempered touch screen technology, delivering stunning visuals at 1280x720 resolution.

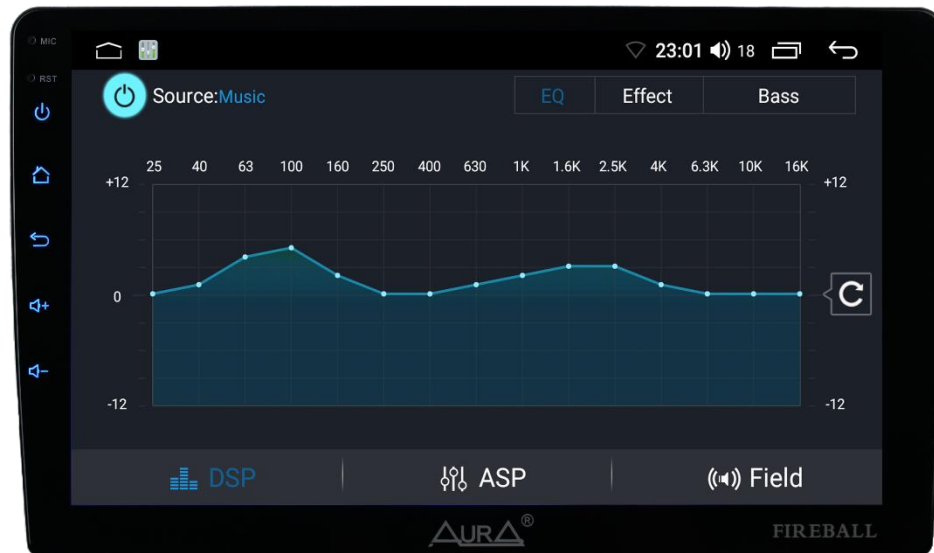

Ample Memory: With 2GB of RAM and 32GB of ROM, you have the space and power to store your favourite apps, music, and more.

CarPlay & Android Auto: Seamlessly integrate your smartphone with both wired and wireless options, enhancing your connectivity and infotainment experience.

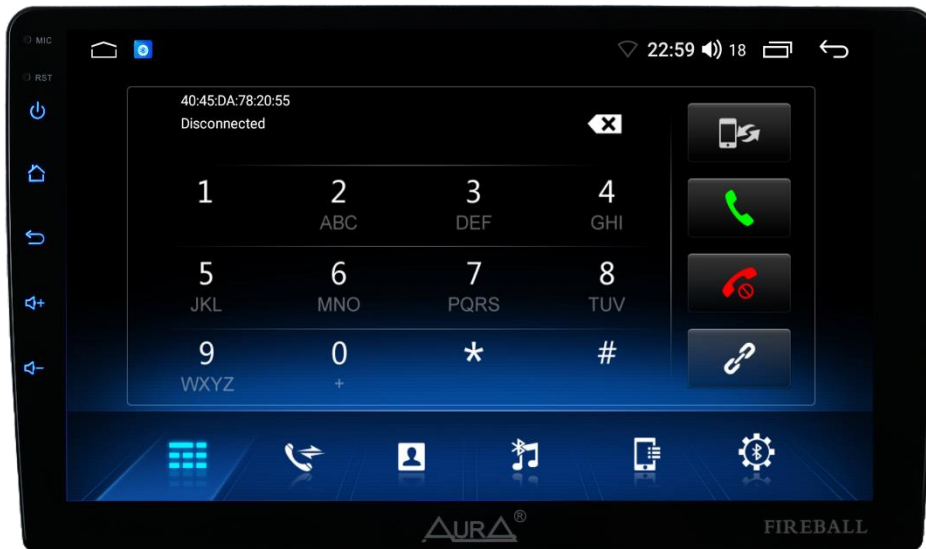

Audio Enthusiast's Dream: The built-in 15-band EQ, Surround sound, and Loudness features enable you to fine-tune your audio to perfection

Stay Cool on the Road: Don't worry about overheating – the cooling fan can be controlled from the settings, ensuring your Aura Fireball runs smoothly.

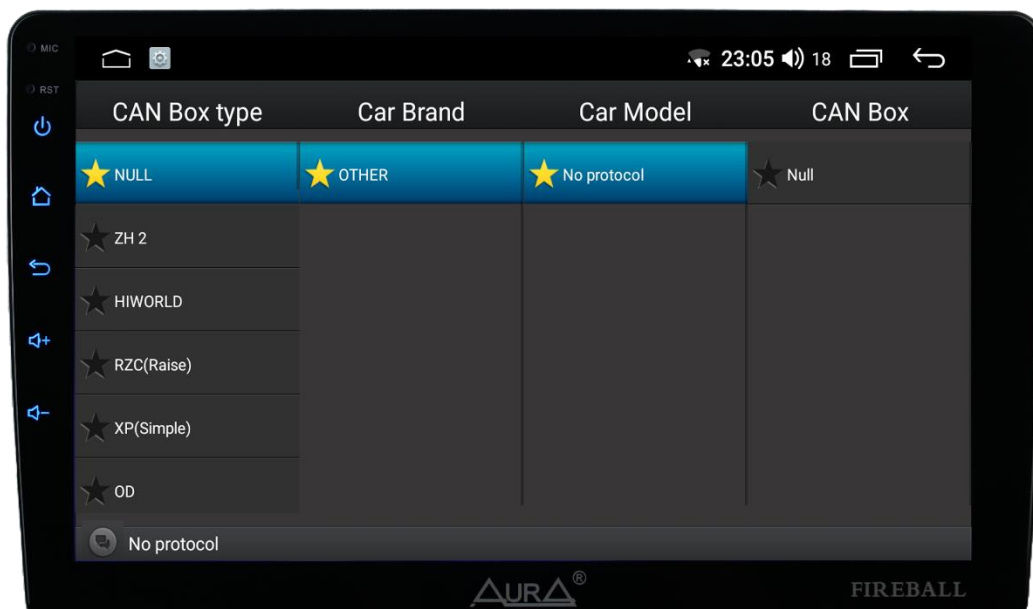

Seamless Connectivity: Stay connected with 2.4G Wi-Fi and built-in Bluetooth, keeping you in touch with your favourite apps and music on the go.

High-Definition Rear Camera: Capture your journey in exceptional detail with the 1980x1080 rear camera, offering pristine video quality.

CanBus : Canbus setting covers all CanBus type and Car Brands. Thus ensuring smooth operation and compatibility.

Navigation Expertise: Get to your destination effortlessly with GPS, Galileo, and Beidou support. Your journeys are always guided.

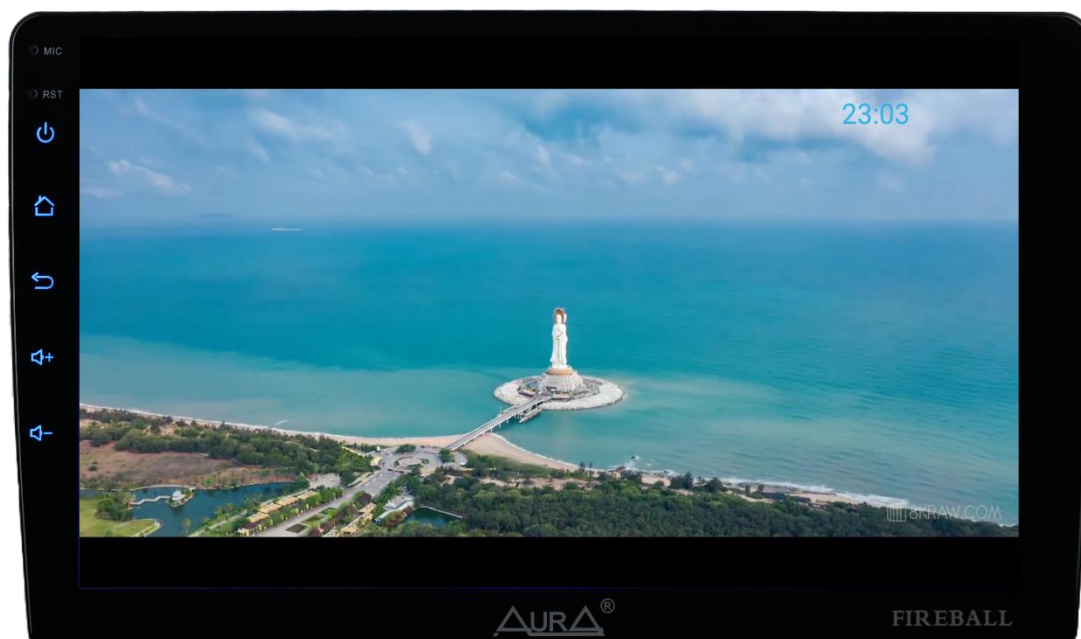

Voice Control: The Aura Fireball offers both external and internal microphones, ensuring crystal-clear calls and voice-activated controls.

Tailored Steering Wheel Control: Enjoy an intuitive experience with short press and long press functions for steering wheel button control.

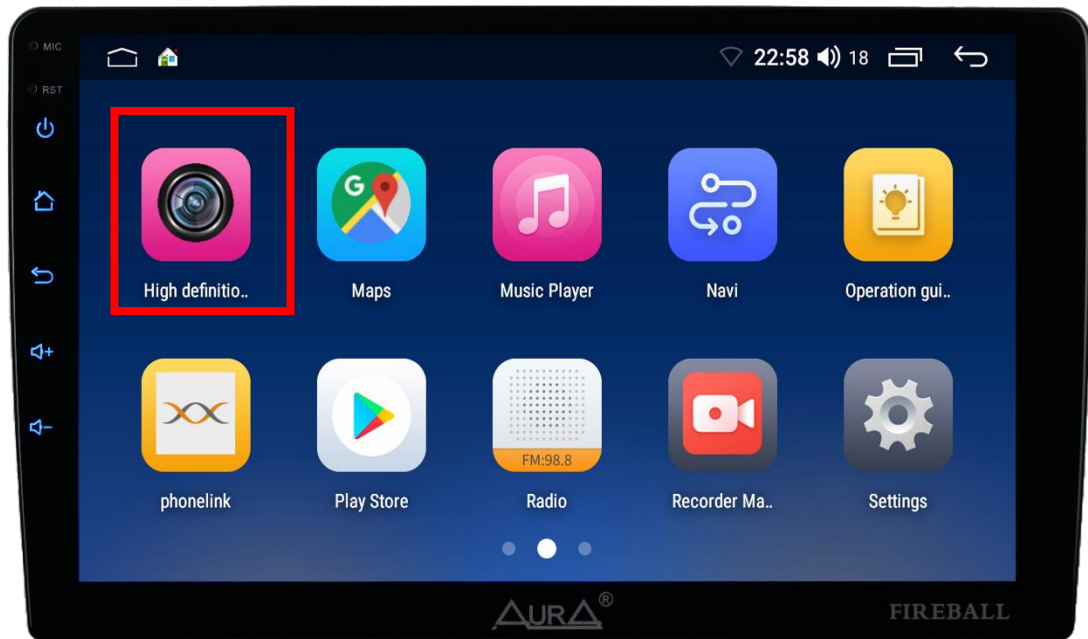

Multifunctional USB Ports: Stay connected and charged with 2 USB 2.0 outputs, perfect for your devices and accessories.

Video Playback : Video playback from USB memory or internal memory. Watch YouTube Video without lagging..

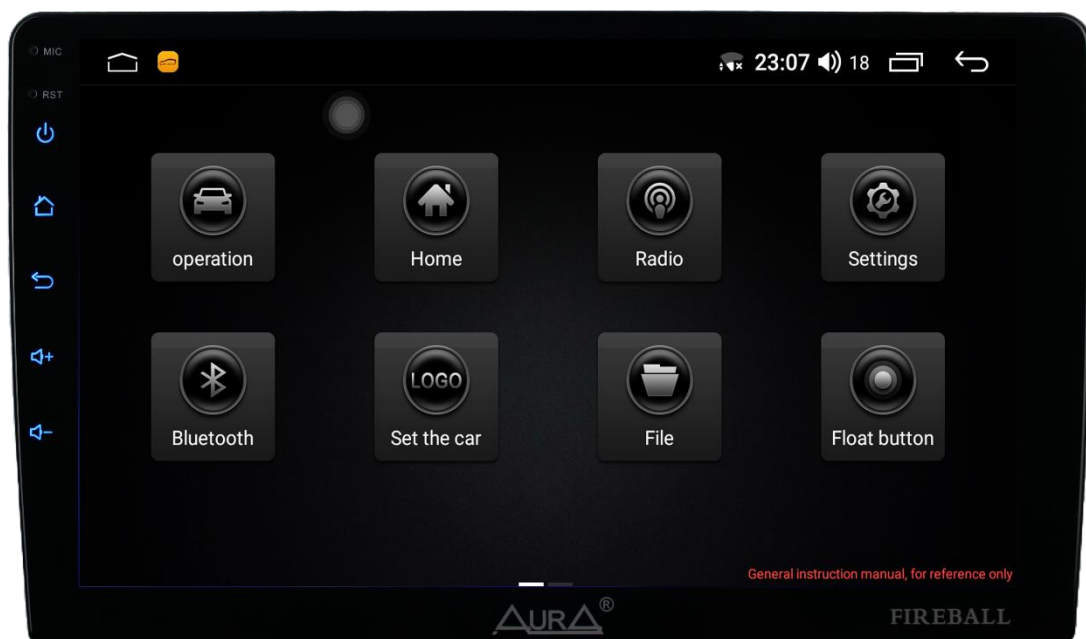

Additional Accessories: Enhance your experience further with supported accessories like USB DVR, offering additional functionality and peace of mind.(Need to purchase USB DVR Separately)

USB DVR App is preinstalled

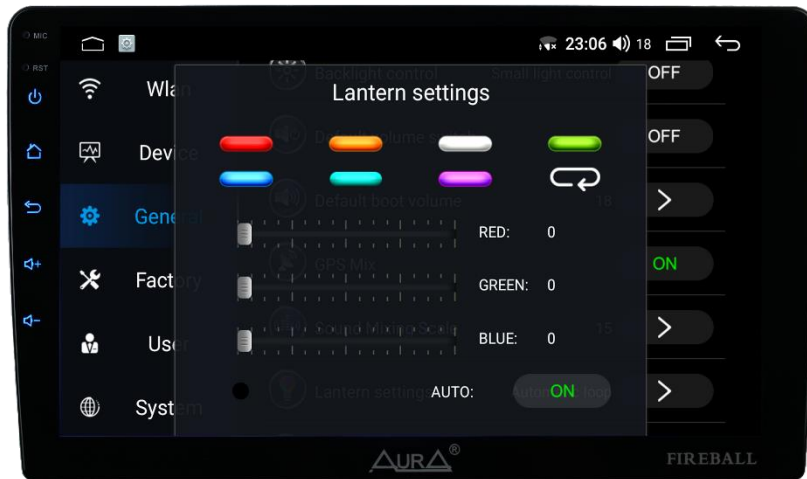

Operational Manual App : Operation manual app has been preinstalled for user reference.

Split Screen Capability: Multitasking is a breeze with split-screen functionality, allowing you to manage multiple apps simultaneously.

Changeable Key Colours: With the Aura Fireball, you can customize the look to match your car's interior. The board with changeable key colours allows you to set the mood and style that suits your taste.

Everything Included: We've thought of everything. When you purchase the Aura Fireball Android Multimedia Receiver, you receive all the necessary accessories for a hassle-free installation. USB DVR and Rear View Camera needs to be purchased Separately.

Upgrade your vehicle's audio and entertainment system with the Aura Fireball Android Multimedia Receiver. Unleash the full potential of your car's audio and entertainment capabilities. With the Aura Fireball, every drive becomes an exciting, immersive experience. Elevate your car audio game today!
